Discipline and Behavior Management Policy

Within the overall educational training of children, effective discipline is imperative. Children are God's creation made in His image; however, this image is marred because of the fall of man as recorded in Genesis 3. Therefore, discipline must be loving because children are in the image of God, but firm because they have a fallen nature. This is the reason the Bible appeals to love and firm discipline in training children. Children have untold value because of the image they bear.

The Bible states that corporal punishment is needed in order to minimize evil and accentuate positive behavior (Proverbs 29:15, 17). Also, corporal punishment administered properly is an evidence of love (Proverbs 13:24). The sting of discipline has the potential to drive away the evil that yields a life of heartache and failure.

The philosophy at Temple Christian School is to produce well-mannered, balanced, Christ-honoring young men and women. This is done through a well-disciplined curriculum that integrates the Bible in all aspects of the program. Corporal punishment is part of that Biblical program and will be used with discretion and love as follows:

1. An adult witness will be present in the room.
2. The child will be spanked with a wooden paddle and not more than 3 licks will be given.
3. The child will only be paddled in the buttocks area.
4. The parents will always be notified if a spanking has been given.
5. If the offense and direct disobedience continue, a parent/principal meeting will be held to discuss the matter.
6. If the problem cannot be resolved, Temple Christian School reserves the right to dismiss the child from the program.

Having read and understand the above discipline policy of Temple Christian School, I give Temple Christian School permission to spank my child if it is deemed necessary by the school.

I, the undersigned parent or guardian of _____, do also hereby state that I have read and received a copy of the facility's Discipline Policy and that the facility's director/coordinator (or other designated member) has discussed the facility's Discipline and Behavior Management Policy with me.
